

A circular metal plate with a diamond-plate texture is mounted on a metal block. The plate has two screws and the text 'PRINCE' and 'FRANCE' visible.

ABOUT US

Mr. Vihang Pandya, the company's founder, has over 30 years of expertise in precast articles. United Precast Industries was the first company to be established by him in 1994. Mr. Nitesh Patel has joined him as a co-partner in the name of Bhoomi Precast Articles, and they have been working as a Director in Vintech Cement Articles Pvt. Ltd.

We have BIS certification & ISO 9001:2015 quality management certification in manhole covers, frames & paver blocks. We have a dedicated team of experienced people and designers committed to environmentally friendly techniques.

Our Vision

Innovation is the driving force behind everything we do at Vintech Cement Articles. We strive to be at the cutting edge of precast technology, developing new products and technologies that impact construction procedures. Our objective is to provide all types of cement goods at a reasonable price while also providing exceptional service.

Our Mission

We are dedicated to excellence, safety, and customer satisfaction, as well as environmentally suitable processes. We want to be the preferred project partner by utilizing cutting-edge technology, professional craftsmanship, and a customer-centric attitude. Our mission is to make everything easily accessible to our clients. We are constantly aiming to provide the best service to our consumers so that they can avoid having to go to several locations to find items.
